

# Off This Century

## Unwound

The future was invented back when you thought you were human  
Now it's only getting better every day that we forget Everything is a commercial. we advertise our memories  
We leave our shit on silver platters and then we buy Whatever's left  
(empty life? fine?) It's every bastard for himself  
the last century hasn't ended yet  
bring us the head of the king  
the last century hasn't ended yet It's every bastard for himself  
the last century hasn't ended yet  
bring us the head of the king  
the last century hasn't ended yet  
The future was invented and you might be next  
LIFEÂ© is like MonopolyÂ©;  
You are not old, You are obsolete  
and you thought the last ten years were bad
