

# Know Way

## Plankeye

I don't know how you can tell me  
That I don't understand.  
I've been on those shoes before  
And I made my plan.  
I don't want to hear those lies.  
I don't want to hear those cries.  
I don't want to live that way again.  
I don't want to live that way again.  
I found my way out;  
The Savior from my sin,  
He takes away all the misery and pain,  
So you won't have to live that way again..
