

# Here's a Box

Paul Kotheimer

For all my friends  
who really ought  
to quit their jobs  
and just make art,  
like, all day long,

Here. Here's a box  
big as a car  
full up with hun-  
dred dollar bills.

Just don't ask where  
I got it from.  
Let's say it fell  
off of the back  
of a semi

somewhere between  
Baghdad airport  
and the Green Zone.
