

# Move the Mountain

## Stratovarius

Would you move the mountain  
Would you build that tower  
Would you drink the sunshine  
Like a wilted flower? Would you waste that hour  
If you knew this full moon would be  
The last one you'd see? Would you gaze in wonder  
While the world was turning  
While the moon made quiet  
All the years of yearning? Would the flame keep burning  
If you knew the powers that be  
Could set you free? Don't know why you had to go  
In the story light, a flame in the darkness  
And we'll never really know  
If you'll ever see me again Swam around in circles  
In a meandering ocean  
Had a dream of safety  
That's lost emotion Could a faded notion  
Make you find your way back to shore  
Looking for more? So we head for safety  
But we never get there  
And I brush the shadows  
From a staring nightmare On the road to nowhere  
Would you help me carry my cross  
And set me free? Don't know why you had to go  
In the story light, a flame in the darkness  
And we'll never really know  
If you'll ever see me again Don't know why you had to go  
In the story light  
Oh, we'll never know  
Oh, we'll never really know  
If you'll ever see me again
