Toro Y Moi

When can we get together again?
Nevermind, I've lost youHow can I tell if I love you anymore
Nevermind, I know I doCall you closer to my arms
You'll feel better when you're warmDo you like it when you leave your house?
Do you like it when you're in a town?
That you love
Like one I live in
Like one I live inIt's my body's planI feel another
Timer
Will my love
Slow downIt's my body's planMake another telephone call
Think of you and me
