

# I Died

Devin

I died (last night)  
I died (last night)  
I died (last night)  
In your arms

I was born with (I was born)  
I was born with you (you let me go)  
Now I ain't tryin'  
I ain't tryin'  
To live no more

I ain't tryin' to fool you  
I don't think i could  
We could keep it all locked down but it wont do  
That's no good  
You know, been told  
I ain't got a heart, you might have me beat, cant help thinkin' bout when you kissin' me  
If you give this love to some other boy ill kill us both

Cuz I died ( last night)  
I died (last night)  
I died (last night)  
In your arms

I was born with (I was born)  
I was born with you (you let me go)  
Now I ain't tryin'  
I ain't tryin'  
To live no more  
Cuz baby its a joke without you

Yea we both got hearts  
and we both got knives  
But whats the fun In cuttin' each other open all night  
Baby girl you're so young and your lips are so soft  
When you kissin' me i don't worry bout  
Who's waitin up for me when i finally crawl back home

Cuz I died (last night)  
I died (last night)

I died (last night)'

In your arms

I was born with (I was born)

I was born with you (you let me go)

Now I ain't tryin'

I ain't tryin'

To live no more

If I ain't in your arms

In your arms (x3)

In your arms (last night) (x4)
