

Big Machine

Goo Goo Dolls

Ecstasy is all you need
Living in the big machine now
Oh, you're so vain
Now your world is way too fast
Nothing's real and nothing lasts
And I'm aware I'm in love but you don't care
Turn your anger into lust
I'm still here, but you don't trust at all
And I'll be waiting Love and sex and loneliness
Take what's yours and leave the rest
So I'll survive
God, it's good to be alive And I'm torn in pieces
I'm lying there waiting for
My heart is reeling
I'm blind and waiting for you Still in love with all your sins
Where you stop and I begin
And I'll, I'll be waitin'
Livin' like a house on fire
What you fear is your desire
It's hard to deal
I still love the way you feel Now this angry little girl
Drowning in this petty world
And I'm who you run to
Swallow all your bitter pills
That's what makes you beautiful
You're all or naught
I don't need what you ain't got And I'm torn in pieces
I'm lying there waiting for
My heart is reeling
I'm blind and waiting for you I'm blind and waiting for you
I'm blind and waiting for you And I can't believe it's coming true
God, it's good to be alive
I'm still here and waitin' for you
And I can't believe it's coming true
I'm blind and waiting for you
