Heavenly

Peabo Bryson

Feels like heaven, sweet darling (Heavenly) Baby, baby, baby (Heavenly)

HeavenlyFor the first time I do believe that I've been swept off my feet

In all my life I've, I'd wonder whether

This would ever be There's a place where only you could ever take me I get lost in your arms

It's so strong, I am powerless to fight it I surrender my lifeHeavenly is how I feel now that you're inside me Since you came and you touched my heart

Can it be love is real now that you make me see?

Heavenly, say we'll never part Heavenly, heavenlyI wanna thank you

You're the reason for all that I am

'Cause without you I'd be lost, baby

You're all that I have There's a place that only you could ever take me I get lost in your arms

It's so strong, I am powerless to fight it

I surrender my lifeHeavenly is how I feel now that you're inside me Since you came and you touched my heart

Can it be love is real now that you make me see?

Heavenly, say we'll never partBaby, won't you touch me, feel me Until I'm over flowing?

Let me show you how much

Your love means to meHeavenly is how I feel now that you're inside me Since you came and you touched my heart

Can it be love is real now that you make me see?

Heavenly, say we'll never partHeavenly is how I feel now that you're inside me

Since you came and you touched my heart

Can it be love is real now that you make me see?

Heavenly, say we'll never partHeavenly, heavenly

Heavenly, heavenly

Heavenly, heavenly

Heavenly, heavenly
