Esprit de corps

RADIORADIO

Continents will rise.
Mountains will crumble.
Cities will lay down as their leaders stumble.
People surrender to the hands of time.
But we will never!
Never!
Never!We have this story, you and I.
And they will tell it thru the ages,
every verse and every line.
We have this story,
though the pages torn.
We will show the world how we loved,
show the world we are,
Esprit De Corps!
Esprit De Corps!
Esprit De Corps!
Esprit De Corps!Did we lie in wait?
Did we wait in cover?
Scheming our way back, way out, way in.
Moving with the thunder.
We scaled the ramparts,
the garrisons of time.
Now we live forever!
Forever!
Forever!
