# Me Just Purely

## Brendan Benson

This is only temporary
These songs are my worst habits
My looks and my skin and my temper
And this town, this place I call my home
It's me just purelyAnd I promise, I'll get back on track
I'll get better so I can come home
My looks and my skin and in my head
And this town, this place I call my home
It's me just purelyAnd this cancer it ain't terminal
And this fetish for lovely creatures
This slump and my bad luck
This town this place I call my home
Well, it's me just purelyOoh, it's me just purely
Ooh, it's me just purelyAnd all my crazy superstitions
About living in the past
Ah, this is my second and last guess
Yeah, well, it's me just purelyAnd things are gonna turn around
I can feel it right to my bones
I will come home
This town this place I call my homeOoh, it's me just purely
Ooh, it's me just purely
Ooh, it's me just purely
Ooh, it's me just purely
