

Hear Me

[Anette Olzon](#)

So little time and I'm falling
I hear you breathe when I'm falling
Can you save me? Hear me I'm calling your name
O-o-o-oh
Clear me from feeling the shame
Let go! No ease in my mind but I'm learning
Making a change and I'm learning
If you show me
Hear me I'm calling your name
O-o-o-oh
Clear me from feeling the shame
Let go - don't even wanna know Feel don't even know what's real - no more
So hard to play a role of someone in control
So cold
Left there on my own Can you save me?
Hear me!
So hear me I'm calling your name
O-o-o-oh
Clear me from feeling the shame
Let go!
