

Peace of Mind

George Strait

I go anywhere
That ol' wind blows
Down a blacktop road
Anytime No strings attached
No ties, to tie me down
So why hang around?
When I can fly I'm free
Free to do as I please
Free to choose, free to be
Just plain me, just plain fine I'm here then I'm there
Not a care in the world
What a cure for the soul
Peace of mind Well I go anywhere
That ol' wind blows
Down a blacktop road
Anytime No strings attached
No ties to tie me down
So why hang around?
When I can fly Well I don't dare slow down
For anything
What tomorrow brings
Suits me fine And I don't dare look back
On yesterday
It's a throw away
Better left behind I'm free
Free to do as I please
Free to choose, free to be
Just plain me, just plain fine I'm here then I'm there
Not a care in the world
What a cure for the soul
Peace of mind I go anywhere
That ol' wind blows
Down a blacktop road
Anytime No strings attached
No ties to tie me down
So why hang around?
When I can fly
So why hang around?
When I can fly
