

I Like My Bike

Kimya Dawson

I like my car, it's a really good car
I got it at a Farmer's Market from the person who only made it
Maybe someday I'll paint it, odds colors that I like
For now I'll out it in my basket and go for a ride on my bike

I like my bike
(I like my bike)
I like my car
(I like my car)
I go so fast
(I go so fast)
I go so far
(I go so far)

I go to the lake, to the school
And the pool and the park [Incomprehensible] trials to the beach
And go back to the market and get a piece of fruit
Put it in my pocket and make it home 'fore dark

I like my bike
(I like my bike)
I like my car
(I like my car)
I like my bike
(I like my bike)
I like my car
(I like my car)
I go so fast
(I go so fast)
I go so far
(I go so far)
I like my bike
(I like my bike)
I like my car
(I like my car)
