

Good Friend and a Glass of Wine

[LeAnn Rimes](#)

I need a good friend Who died and crowned me everybodys everything?
Im even busting my butt through the weekend
By the time I get home theres not an ounce of sanity
Between the dogs, my mommas calls
Is it against the law for me to get what I need? A good friend and a glass of wine
Someone to say its gonna be alright
A good friend and a glass of wine
A little pick-me-up to get me through the night We talk trash and we laugh and cry
That kind of therapy money cant buy
Every now and then, every now and then
Every girl needs a good friend and a glass of wine I dont need to jet off on a vacation for a week
Id be happy to have a happy hour
When Im tired and Im fried, it gets me right back on my feet
Yeah, any kind of red or white, a little sister time
Its every smart girls secret A good friend and a glass of wine
Someone to say its gonna be alright
A good friend and a glass of wine
A little pick-me-up to get me through the night Talk trash and we laugh and cry
The kind of therapy money cant buy
Every now and then, every now and then
Every girl needs a good friend and a glass of wine A good friend and a glass of wine
Someone to say its gonna be alright
A good friend and a glass of wine
A little pick-me-up to get me through the night We talk trash and we laugh and cry
That kind of therapy money cant buy
Every now and then, every now and then
Every girl needs
Every now and then, every now and then
Every girl needs a good friend and a glass of wine Good friend and a glass of wine
Don't you know that every girl needs
A good friend and a glass of wine?
