

# All Night Long

[Eric Lindell](#)

Well, baby, I've been standing around all night long  
Baby, standing around by the phone waiting on the phone  
But you don't ever call girl, yeah you don't ever callBaby, it don't make no kind of sense  
But sho' 'nuff baby, you got me backed up against this fence  
Again and I wait all night long, baby, on your lovingI'll be waiting, I'll be waiting on ya  
All night long, all night long  
I'll be waiting, I'll be waiting, girl  
All night long, all night longAll night long, all night long  
All night long, all, all night longAint' it a shame, girl it's too bad  
I aint never ever had a girl that made me so mad  
But I'm waiting here on you girl, yes I will  
All night longTime and time again here I am  
In the same predicament  
Waiting on my baby  
And I keep running around with my friendsI'll be waiting, I'll be waiting  
All night long, all night long  
I'll be waiting, I'll be waiting on your love, girl  
All night long, all night longAll night long, I've been waiting  
All night long  
All night long, all, all night long
