

Sucker For A Superstar

Aqua

OMG, the things she'll do to meet a VIP - yeah, yeah, yeah

Well baby, we like to get a little crazy - yeah, yeah

She'll give it all just to know you

Tell me, honey

So give her the chance and she'll show you

She's on the money

She don't care who the Beatles are

Rolling Stones or The Spiders From Mars

But I do know, she's a sucker for a superstar

Go, go, go baby, go, go

OMG, you won't believe the things she's telling me - yeah, yeah, yeah

Well baby, she's just the kind of girl I like to see - yeah, yeah

She'll give it all just to know you

Tell me, honey

So give her the chance and she'll show you

She's on the money

She don't care who the Beatles are

Rolling Stones or The Spiders From Mars

But I do know, she's a sucker for a superstar

Go, go, go baby, go, go

Loves your show, wanna meet the band

Backstage pass and she'll give you a hand

She's a good girl but a sucker for a superstar

God, God, God bless a groupie

She's a sucker - a star fucker

She's a sucker - a star fucker

She's a sucker - a star fucker

She's a sucker - a star fucker

She'll give it all just to know you

Tell me, honey

So give her the chance and she'll show you

She's on the money

She don't care who the Beatles are

Rolling Stones or The Spiders From Mars

But I do know, she's a sucker for a superstar

Yeah, yeah - yeah, yeah

Loves to ride in a limousine

Goes downtown if you know what I mean

And she's your girl for as long as you're a superstar

Yeah, yeah - yeah, yeah

She's a sucker - a star fucker

She's a sucker - a star fucker

She's a sucker

Sucker for a superstar
