Bring it to the floor muthafucka  
Don't get yo ass put into a muh fuckin piledriver like I said aaaaa  
[Juicy J]

It started out into a one lock down  
waitin to use the fuckin phone  
me and paul in a hopeless cell  
waitin to get a fuckin bell  
some people think 2 on 1 is just a place for cops and robbers  
niggas still smokin weed constantly, passing dollars  
mase in yo face when it's time to get buckwild  
'cause lawyer fees are high as hell  
payin these can't even help my trial  
So while I'm thinkin to myself  
a nigga walked right up to me  
lookin me up and down wit a frown  
smellin like a bottle of Crown  
'cause this hoe gone make me make the news  
for shankin niggas in the neck  
but I dont give a fuck  
whippin guns and takin shoes  
he threw up a gang sign  
I turned my back didnt pay em no mind  
he threw it up another time  
and when I looked around again  
I said yo whats up fool  
is there somethin that your trying to proove  
I aint wit that gang shit  
he smiled and fired up a Kool  
walked a little closer to me  
I'ma pull them dreds up outta his head  
he didnt show no violent act

but in a low tone this is what he said

[Chorus]

Killa, Killa, whatcha gonna do  
on the 34th floor they got them G's claimin true  
get blessed in the red, I get blessed in the blue

So whatcha gonna do, young killa

[ScareCrow]

Ya gotta have somebody watchin somebody else  
and them watchin somebody too  
while you watchin everybody  
'cause they ass is out to get you  
no matter if you  
in the dope game  
or the rap game  
or what situation  
you hear my friend  
there is no such thing as a fuckin friend  
mabey you got to get them secretly  
they out to get you

cant no love be in yo heart  
by the way fuck these hoes too  
you know they just as devious as ni-gga-ros  
that ho don't love yo ass  
and fool if you was broke she'd blow like smoke  
And fuck these police ass niggas, snitches pull the sword  
Stab you in ya back for a muthafuckin re-ward  
junky muthafuckers sittin down at the precinct  
On the realla man, this game is so filthy  
Lookin at pictures trying to damnify a nigga  
And everybody guilty, niggas talkin trilly  
so keep next to clip see  
'cause fuckin wit niggas you will end up in the state pen  
man trust is somethin that I never had much faith in

[Chorus]

[DJ Paul]

they said somebody done dropped the time that these  
yeah, aww shit they tryna blues up on my candy

and now my burbons on the record at about eleven  
in the back of the car, Im hope'n I see tha 9-7-11

and a infa red on my 40 and a glock  
this shit was foolin around for while but now it ain't so fun  
aww fuck, we on our way to da do someone  
but little do they know ben's made friends  
I had to spend plenty of em  
but we ain't seein no payin at least this shit

[Gangsta Boo]

Nigga let me ask you are you really down wit yo game  
or when you get locked up do that shit change  
Now I'm comin real, tryna know the deal  
bout you killas, are you just them shiesty niggas  
that hang around drug dealers  
when yo ass be locked up  
ho, do you be like doin chores  
for so cockin that you in  
like VDs and bite lures  
let this lady kick some knowledge  
for niggas thats full of flodgin  
Its garuanteed to get fucked up  
by the real bosses killa killa killa  
Whatcha gonna do, is yo color red or blue  
You fucked up, you gonna get stuck up because you ain't true  
now yo ass done bought a one way ticket to a burnin hell  
For that simple reason, found you shakin, bleedin, in yo cell

yeah for you niggas that's thinkin that 2 on 1 is a joke  
you muthafuckas (watch you back nigga)  
(a muthafuckin game)
