Going Out Tonight

Monrose

We're going out tonight me and my girls
We're going out tonight, we're looking for party
We're going out tonight me and my girls
We're going out tonight, we're looking for party
I sayd I like the way you work it
The way you jerk it
Oh got some style and yes I'd like to twirk it
Got the kinda thing that I like yeah
The naughty kinda swagga that I need
Give my dog a bone if you really want it
Don't be so scared just to get up on it
Do me how you wanna cause I'd rather get it
Dj won't you play it for me
We're going out tonight me and my girls
We're going out tonight, we're looking for party
We're going out tonight me and my girls
We're going out tonight, we're looking for party
I'm like jump down goo dboy give that dog a bone

Pull up to my bumper baby we can get it on
I'm like jump down, turn around do th edirty wind
Bring it up slow till we're flirty, flirty
We're going out tonight me and my girls
We're going out tonight, we're looking for party
We're going out tonight me and my girls
We're going out tonight, we're looking for party
Baby into you, ain't no doubt what I wanna do
My vicki's secret peeking at ya
Are you gonna come and get it?
I'm like jump down goo dboy give that dog a bone
Pull up to my bumper baby we can get it on
I'm like jump down, turn around do th edirty wind
Bring it up slow till we're flirty, flirty
We're going out tonight me and my girls
We're going out tonight, we're looking for party
We're going out tonight me and my girls
We're going out tonight, we're looking for party
