

# If You Didn't Know Now You Know

**Norman Hutchins**

Lead:

Have you ever been through a trial  
And thought you wouldn't make it  
You were smiling on the outside,  
But crying down on the inside  
Wondering when will the season end.  
When will the joy begin?  
How much more can I take  
And when will the season break  
And will it end  
Want to know will it end?  
(Spoken)  
Then I heard him say this  
He said

Choir:

If you didn't know, now you know  
It's gonna be alright  
If you didn't know, now you know  
It's gonna be alright.  
This too shall Pass  
This too shall Pass  
(repeat 3x)

If you didn't know, now you know  
Now you know (repeat 13x)

If you didn't know, now you know
