

Tear Down the Walls

Country Joe McDonald

Sister help me
Find my way
Guide my movements
Every day
And when I'm in my reverie
Wont you send your sweet love home to me

And i say tear down the walls
Kick open the door
I'm going back to where I've been before
Let me see that temple bed
Where the gods have laid
I want to sleep on the bed where i was made

Brother help me to find my way
Wont you guide my movements
Every day
And when I'm in my reverie
Wont you send your sweet love
Home to me

And i say tear down the walls
Kick open the door
I'm going back to where
Ive been before
Let me see that temple bed
Where the gods have laid
I want to sleep on the bed where i was made

Mother help me
Find my way
Wont you guide my movements
Every day
And when I'm in my oh my reverie
Wont you send your sweet sweet love
Home to me

And i say tear down the walls
Kick open the door
I'm going back to where

Ive been before
Let me see the temple bed
Where the gods have laid
I wanna sleep on that bed where i was made

Father help me
To guide my way
Wont you guide my movements
Every day
And when I'm in my reverie
Wont you send your sweet sweet love home to me

And i say tear down the walls
Kick open the doors
I'm going back to where
Ive been before
Let me see that temple bed
Where the gods have laid
I want to sleep on that bed where i was made

Repeat chorus 2x's
