

# I Cum Blood (Live - Toronto 2006)

## Cannibal Corpse

Swollen with liquid  
Ready to burst  
A load of my lymph  
Will quench this dead body's thirst  
One month in the grave  
Twisted and half decayed  
She turned a putrid yellow  
I pissed in her maggot filled asshole  
Fucking the rotting  
My semen is bleeding  
The smell of decay  
Seeps from her genital cavity  
The smell was unbearable As I unburied her  
I cum blood from my erection  
I feel it run  
Down her throat, swallow  
Eyes glassy and vacant  
Body dug up to play with  
Skin greasy and naked  
Tonguing her rotted anus  
I need a live woman  
To fill with my fluid  
A delicate girl, to mutilate, fuck and kill  
Her body exceptional  
She thought I was normal  
But I wanted more  
I came blood inside of her  
Choking on the clot  
Gagging on the snot  
Gushing blood, from her mouth  
Bloody gel leaking out  
Body buried in a shallow grave  
Unmarked for none to find  
The sickness I have left behind  
Undetected go my crimes  
The greatest thrill of my life  
Slit my own cock with a knife  
Violent, climax Serging serum on my skin  
Back from the dead

I am resurrected to spew, putrefaction
