Wanted

Vanessa Carlton

I have wandered far and wide
For something real something to die for
But I have found you and you do not see
All that is me all that is trueI am more than you will see
I am more than you will need
I am more than you will see
More than wantedAs you float the flimsy surface
You should know life lies beneath it
And don't pretend you feel what I feel for you
Live illusion and I am realI am more than you will see
I am more than you will need
I am more than you will see
More than wantedI know, I know you like the way
You feel when I play
I know, I know you don't really
Hear what I sayI know, I know you are waiting
For something to raid
I know, I know you wish you could be
More than you sayI have wandered far and wide
For something real something to die for
But I have found you and you do not see
All that is me all that is true andI am more than you will see
I am more than you will need
I am more than you will see
More than wantedI am more than you will see
I am more than you will need
I am more than you will see
More than wantedMore than you'll love, more than you'll hate
More than you'll hold, more than wanted
More than you'll crave, more than you'll cherish
More than you'll have, more than wanted
