Fire Ant

Alex Winston

Little red fire ant
Swear I'll catch you with my hand
Watch it burn reaches through
Lord I feel so sad for you
Little red fire ant
Watch it all come down
Watch it all come downGod damn you're back again
Trying to crawl under my skin
It fuels your fire, feeds the flame
'Cuz ants like you are all the same
Ants like you are all the same
And you keep on marching (keep on marching)
Keep on marching on
You keep on marching (keep on marching)
Keep on marching... onLittle red fire ant
Desperado got a plan
Round about and bite my man
I'll stick your head back in the sand
Little red fire ant
Watch it all come down
Watch it all come downGod damn you're back again
Trying to crawl under my skin
It fuels your fire, feeds the flame
'Cuz ants like you are all the same
Ants like you are all to blame
And you keep on marching (keep on marching)
Keep on marching on
You keep on marching (keep on marching)
Keep on marching... onOoooh oooh oooh
Ooooh oooh ooohYou're Fire fire fire fire fire Fire fire fire fire fire
Fire fire fire fire fire Fire fire fire fire fire
Fire fire fire fire fire Fire fire fire fire fire
Fire fire
