

Not Where It's At

[Del Amitri](#)

With some girls it don't matter, who you hang with
With some girls it don't matter, how you talk
And some girls they are easy to be yourself with
But the one girl that I want
Ain't easy to please with what I've got
With some girls it don't matter, where you're aiming
With some girls it don't matter, how you act
And some girls they don't care, what car you came in
But the one girl that I want
She wants that one bit of geography I lack
Yeah, she don't want me
'Cos I'm not where it's at
Yeah, I'm not where it's at
And some girls, they will worry about reactions
And some girls, they don't give a damn for that
But somehow I ain't ever in on the action
'Cos the one girl that I want
She wants that one little quality I lack
Yeah, she don't want me
'Cos I'm not where it's at
Yeah, I'm not where it's at
I don't have my finger on the pulse of my generation
I just got my hand on my heart, I know no better location
Yeah, she don't want me
'Cos I'm not where it's
I'm not where it's
I'm not where it's at
Yeah, I'm not where it's at
