

# Taking Over

## Lo Moda

Seh wah, mi juss seh bun Babylon but mi nuh care  
I ain't giving up, keep on living up, I'm indigenous  
Holy Emmanuel I King Selassie Jah Rastafari  
Him live and reign in di heart of all flesh  
Di conquering lion crown King of Kings  
Lord of Lords wid him lioness, so hear mi no?  
Repatriation is a must to Ethiopia, Africa  
Rastaman wi taking over and we've got nothing to fear  
Wi taking over righteousness mi declare  
Wi taking over and we've got nothing to fear  
Come on, come on mek mi see your hands in di air  
Yo cause a full time now let the trumpet sound  
A full time now Babylon going down  
A full time now mek di youth dem wear di crown  
Yo inna di country and di town  
Hungry be fed, naked be clothed  
Sick be nourish, aged protected, infants fi cared for  
Mi and Babylon nah go par  
Tell dem mi and dutty Babylon always a war  
Nah go dip mi hand inna nuh punk cookie jar  
Police bwoy fi locks but a mar him guh mar  
Di soldier bwoy fi locks but a mar him guh mar  
Through him and di Pope and di bitch waan go par

Dem lost dem ways dem nuh know who dem are  
Well, then mi tell yuh your da bright and a morning star  
'Nuff a dem a brag 'bout seh dem a toppa nar

Di black woman she a mi black mother, yaah star  
Selassie blaze him golden chalice when  
Castro talk 'bout seh dem a smoke dem cuban cigar  
Mi smoke mi marijuana inna mi van or mi car  
'Cause a full time now rise di youth from di slum  
A full time now mek di fiyah gwan bun  
A full time now speak di truth from mi tongue  
Dutty Babylon yuh going dung yo yo yow

Rastaman wi taking over and we've got nothing to fear  
Wi taking over righteousness mi declare  
Wi taking over and we've got nothing to fear  
Come on, come on mek mi see your hands in di air

Couldn't stop di powers weh mi a manifest on  
Bun dem out dem cyaan come contest di Rastaman  
Rastaman wi taking over and we've got nothing to fear  
Wi taking over righteousness mi declare
