

Living In Fear

Kreator

Endless destruction
Blood falls like rain
The war of the demons
Will give you pain Inverted crosses
The reaper will rise
The war of the demons
Will make you die I'll take you down into my grave
I'll rip your flesh, torment your face
Your cry in the night no one will hear
Time is to die, you're living in fear Fight with the mortals
Death is their goal
Eating the corpses
Sell all the souls Obey the commands
Of the black majesty
You know your soul
Will never be free I'll take you down into my grave
I'll rip your flesh, torment your face
Your cry in the night no one will hear
Time is to die, you're living in fear Oh
