You Can Use Me

Stampead

Take off your gown if you want.
Im here for you. Dont be shy.
Weve both been used before,
my heart doesnt care.Undo my belt if you want.
No reason to whisper tonight.
My tongue doesnt care,
to be clever no more.You can use me darling.
You can use me tonight.
You can hurt me or love me.
Call me what you like.Pull my hair, hold me close.
Tell me what you need the most.
You can use me darling.
You can use me tonight.Swing your hair for me girl.
Tell me lies. I dont care.
I can play the fool,
if it feels better to you.I want you on the kitchen table.
With a smile that comes, when youre alone.
Its all we have,
to remember were alive.You can use me darling.
You can use me tonight.
You can hurt me or love me.
Call me what you like.Pull my hair, hold me close.
Tell me what you need the most.
You can use me darling.
You can use me tonight
