Oppenheimer

WireTap

Me and this girl we've been falling in love
Beneath the quarter moon, beneath the quarter moon
Me and this girl I've been living above
On a road called OppenheimerTar on the roof there were stars in her hair
Beneath the quarter moon, beneath the quarter moon
Me and this girl we were going somewhere
On a road called OppenheimerMe and this girl we've been working it out
We've got a long way to go, we've got a long way to go
Me and this girl we've been having it out
On a road called OppenheimerMe and this girl we've been getting it on
Beneath the quarter moon, beneath the quarter moon
Watching it go 'til it's all the way gone
On a road called OppenheimerAnd the days gonna be today and the time is gonna be right now
No I'm never gonna fall for anyone else but her
And the place is gonna be right here
On a road called Oppenheimer, OppenheimerMe and this girl we been falling in love
Beneath the quarter moon, beneath the quarter moon
Me and this girl I've been dreaming above
On a road called OppenheimerTar on the roof there were stars in her hair
Beneath the quarter moon, beneath the quarter moon
Me and this girl we were going somewhere
On a road called OppenheimerAnd the days gonna be today and the time is gonna be right now
No I'm never gonna fall for anyone else but her
And the place is gonna be right here
On a road called Oppenheimer, Oppenheimer
Oppenheimer, OppenheimerMe and this girl we've been working it out
We've got a long way to go, we've got a long way to go
