

# Starting Over

Jennifer Lopez

He's alright, he's all wrong  
He's a player, he's a dog  
He's my friend, he's my foe  
I just can't leave him, I can't go  
I got my reasons, I got my pride  
I got these kids, we got these ties  
We had this love, I had these dreams  
I'm falling apart at the seams  
He's my man when we're at home  
And it can't hurt if I don't know  
All his secrets all his lies  
I just keep pushing off my mind  
I wish that everybody would stop judging  
Pointing fingers it's cutting  
My heart is broken, I'm open and feeling so bad  
I gotta make decisions  
I'm strong but who am I kidding  
I'll be okay, but this love is tearing me in half  
Nobody wants to be the one breaking up  
I'm down on my knees and praying for this love  
I'm I'm love  
I'm still in love  
I just don't think  
That it's enough  
I can feel it getting colder  
I'm afraid of starting over  
He makes me feel like a child  
He makes me happy when he smiles  
He makes me sad, he makes me mad  
I wanna give him all I have  
And I have tried to treat him good  
Show support like I should  
Did my part, he's my heart  
And I've been faithful from the start  
He's my man when we're at home  
And it can't hurt if I don't know  
All his secrets all his lies  
I just keep pushing off my mind  
I wish that everybody would stop judging  
Pointing finger it's cutting  
My heart is broken, I'm open and feeling so bad  
I gotta make decisions  
I'm strong but who am I kidding

I'll be okay, but this love is tearing me in half  
Nobody wants to be the one breaking up  
I'm down on my knees and praying for this love  
I'm I'm love  
I'm still in love  
I just don't think  
That it's enough  
I can feel it getting colder  
I'm afraid of starting over  
To save this life  
We built together  
We need another chance  
It's like my whole life  
And my existence  
He holds in his hands  
In his hands  
Nobody wants to be the one breaking up (oh yeah)  
I'm down on my knees (down on my knees) and praying for this love (for this love)  
I'm I'm love  
I'm still in love  
I just don't think  
That it's enough  
I can feel it getting colder  
Time has come for starting over
