

# 90-Mile Water Wall

## The National

Well I know that you know  
That you've become the target of this hand  
With never even asking  
Well I know that you know  
That you're the only thing that I can stand So how could your hair  
Have the nerve to dance around like that, blowing  
And how could the air  
Have the nerve to blow your hair around like that I'm waiting for a 90-mile water wall  
To take me out of your view  
I'm looking for a trap door trigger  
To drop me out of your view Yes I'm listening I'm listening  
I can tell that you are serious  
Your looking for that hurt look around my mouth  
The look of a steep fall  
Yeah that's how Hersey put it So you can make another claim  
Well go ahead and make it  
So you can make another claim  
Well go ahead and make it I'm just waiting for a 90-mile water wall  
To take me out of your view  
I'm praying for a trap door trigger I'm just waiting for a 90-mile water wall  
To take me out of your view  
I'm praying for a trap door trigger Yes I'm listening  
I can tell you're serious
