

Brave From Afar

Red Hot Chili Peppers

Brave from afar
When I hold you for country
Saved by a star
Can I hold you to one thing
Do you feel safe when
They tell you they sell you
Pray for your children
The shelter they're building Prime time, the perfect crime
Bow my head, the axe we grind
Ruse cruise, P's and Q's
I got beat up by the evening news
Deep hits, the media blitz
Lost my mind to keep my wits
Maintain the same old same
Goodbye shiz and so long game Brave from afar
When I hold you for country
Saved by a star
Can I hold you to one thing
Do you feel safe when
They tell you they sell you
Pray for your children
The shelter they're building Plain Jane, the big campaign
Last detail has been restrained
Fraud, fraud, the lightening rod
See that sign, time to applaud Brave from afar
When I hold you for country
Saved by a star
Can I hold you to one thing
Do you feel safe when
They tell you they sell you
Pray for your children
The shelter they're building
