

It's 5!

Architecture In Helsinki

Stranger danger,
Danger stranger,
When you gonna follow through? The mistake you don't make,
Or the rain cloud covers above your house.
Steal the feelings,
Don't focus on the flames girl.
Have I failed to impress you?
Could've sworn that wine
And one and four made two,
But it's 5!
It's 5! Can I ride with you
Until the sunset gets all red?
And we'll chased by the moon Hope the passion don't fade
Since you decided he's your spouse.
Wheeling, dealing,
Joking things will change girl.
Have I failed to impress you?
Could've sworn that wine
And one and four made two,
But it's 5!
It is 5!
