Mama's Little Angels

Quiet Riot

When mommy's around we're the cutest little darlings, polite...
We're squeaky clean
We do the chores in the house, as quiet as a mouse
Better kids you've never seen
Yes we are mama's little angels
Yes we are mama's little angels
You know we are mama's little angels
As soon as mom leaves for work
Out come the paint cans, start to spray it on the wall
That's getting boring
Go get the bats
Gonna have us some indoor ball
Yes we are mama's little angels
Yes we are mama's little angels
You know we are mama's little angels
Well, Randy's up to bat.

Gonna hit me a home run
Sorry 'bout that
Outside, ball one
We lost our ball, let's have some fun with the dishes
Oops, we ain't doin' too well
When mommy gets home, she won't blame it on us
She knows that we're really swell
Yes we are mama's little angels
Yes we are mama's little angels
You know we are mama's little angels
Yes we are mama's little angels
Yes we are mama's little angels
You know we are mama's little angels
