

# Sky Cry

## Don Dolo

[Chorus 2x:]

Oh when the Sky Cry pours down pleasures and pain  
Life deals us so many different hands in this game  
But I beg you to please play your cards the best way you can  
Yea I know shit might be fucked up now but just stay down  
(Lil nigga you still have a chance) (1st time)  
(Lil momma you still have a chance, so go ahead and be you!) (2nd time)

[Verse 1:]

She ain't never had love, never experienced it  
She's only been fucked, so she really don't know what the difference is  
Niggas then told her they loved her, she didn't believe their shit  
They only wanted one thing from her, so she was givin it

It all started back in 1991

When she was 10 years old still innocent still young  
Didn't know the difference between playin around or being serious

[Bridge 1:]

Walked in on her momma getting fucked and became curious

[Verse 2:]

Damn, that's when everything switched and turned around  
Damn, that's when her lil lost innocence was found  
Cause now, this nigga that's been livin in her house  
Took it upon his self turn lil momma out

Now 7 years later, and that's really all she knows  
You can't approach her like a lady, she gon tell you she a hoe  
She don't want love don't want affection, only thing she want is dough

[Bridge 2:]

A warm heart turned so callous and so cold, that's cold

[Chorus]

[Verse 3:]

Rise above the madness, focus on your development  
Concentrate and think big, anything other is irrelevant  
God gave you them talents, so them gifts are truly Heaven-send

Never get too cocky too proud, never get arrogant

Confidence is essential, it's a must that you believe  
You can accomplish anything you put your mind to, you a winner  
If it seems like you feel like you finna fail always remember:

[Bridge 3:]

God predestined you to make it, stick your chest out and deliver

[Verse 4:]

This for those who strugglin and just can't see the light of day  
Get on your knees and talk to God, this really works you gotta pray  
The situation might not change overnight, but just let me say  
Be patient, wait, and watch God move everything up out the way

Hey lil sista I know it's hard, but it's one thing you can't forget  
Those kids are a blessing to you, so get rid of that regret  
I know you thought he really loved you, and that's why you gave him sex

[Bridge 4:]

But he still immature, and he ain't ready for a family yet

[Verse 6:]

Let me remind you and believe me what I tell you Boo is true  
Whether he do or if he don't, those kids still belong to you  
I know you feel like it's a burden tryin to provide for em yourself  
But just stay down and talk to God, watch he provide you with some help
