

I Don't

Danielle Peck

You say you're doin' better
For your sake I hope it's true
 I wish you well
 But that's all that I can do
 Save your 'Tm sorry's'
Just leave 'em out the door
 You can't make me feel
 Guilty anymore
You say, I should stay with you
 That Jesus forgives you
You pray I will, but I won't
 The difference is
 Jesus loves you, I don't
 I know it sounds cruel
And it's really not like me, but
 You've put me in a place
 I never thought I'd be
These tears that I'm crying
 Are just tears of goodbye
I hope you find someone else
 Somewhere in your life
 Somewhere in your life
You say, I should stay with you
 That Jesus forgives you
You pray I will, but I won't
 The difference is
 Jesus loves you, I don't
I don't wanna know you still want me
 Don't need to hear you can't sleep
 No I don't, no I don't
You say, I should stay with you
 That Jesus forgives you
You pray I will, but I won't
 The difference is
 Jesus loves you, oh I know
 Jesus loves you, I don't
