

I Call It Love (Moto Blanco Remix)

Lionel Richie

I look at you, you look at me
(You can't tell me you ain't feeling them butterflies)
Its obvious there's some chemistry
(I think I know why it feels so right)
Girl I wanted so long to know
Now youre telling me you gotta let it go
(Dont tell me I have to start all over again)I never thought this day would come
(This is somthing that I wanted in my life)
I realized that you're the one
(And you're telling me its time to say goodbye)
Whats inside of my heart it ain't gonna change
So it shouldn't be so easy to walk away
(You feel it, I feel it, lets not pretend)Maybe I don't know what love is, maybe Im a fool
I just know what Im feeling and it's all because of you
Don't tell me I don't know, I want the truth
Cause they call it, we call it, you call it, I call it loveIt's so clear for you to see
(Dont let nobody tell you what to do)
Why they can't they just let us be happy
(I dont want to find somebody new)
If you know whats really in your heart
Then dont let 'em tear us apart
(Cause you feel it, I feel it, dont say we're through)Maybe I don't know what love is, maybe Im a fool
I just know what Im feeling and it's all because of you
Don't tell me I don't know, I want the truth
Cause they call it, we call it, you call it, I call it loveWe have a bond thats unbreakable
And its not time to let it go
(Were in love)
And now that we know its real
We're going to let it show to the whole world
That Im yours forever and you're my girl
(And you are my girl)
You're my everything, I don't know!Maybe I don't know what love is, maybe Im a fool
I just know what Im feeling and it's all because of you
Don't tell me I don't know, I want the truth
Cause they call it, we call it, you call it, I call it loveMaybe I don't know what love is, maybe Im a fool
I just know what Im feeling and it's all because of you
Don't tell me I don't know, I want the truth
Cause they call it, we call it, you call it, I call it loveI call it love
I call it love

I call it love
