# When I Think About You

## R. Kelly

When I wake up in the morning time and see the sun I say
Hallelujah, thank you Jesus for waking me up today
I think about His goodness and the wonderful things He's done
Forgiving me, setting me free and casting my sins awayAnd soon as I was about to fall You stepped right in on time
Picked me up and let me know, You had nothing but love for me
And those lonely nights when I thought that I was gonna lose my mind
Lord, You were my companyAnd now I feel joy, when I think about You
I feel strength, when I think about You
No pain, when I think about You
And no rain, when I think about YouI get glad, when I think about You
And raise my hands when I think about You
Shout Your name when I think about You
When I think about YouAnd in the midst of the storm You were the shelter in my life
Even though, I was doing wrong and even though I fell off
No one can help me out the way You helped me whenever I was in need
When trouble was chasing, I was weak You kept your hands on meMy God, You sacrificed Your life that I might live for eternity
Despite my faults, You heard my cry
Yes, you did and forgave my inequity
No one can understand the way You understand
When it comes to my heart, Lord, you gave me a brand new startAnd now I feel joy, when I think about You
Feel strength, when I think about You
There is no pain, when I think about You
No rain, when I think about YouI get glad, when I think about You
Raise my hands when I think about You
And shout Your name when I think about You
Oh, Lord, when I think about YouListen
Even though your doubts will come
Believe He gave His only son to all the world
He chose to love
So how can we not send our praises upI feel joy, when I think about You
Feel strength, yeah, when I think about You
There's no rain when I think about You
No more pain when I think about YouI get glad, ohh, when I think about You
Then I raise my hands when I think about You
Shout your name when I think about You, oh, I
When I think about YouI feel joy when I think about You
And peace when I think about You

Feel your presence when I think about You
Coming over me when I think about YouThen I start to fall, yeah, when I think about You
Down to my knees when I think about You
And begin to pray when I think about You
Lord, help me, when I think about YouThen I see the light when I think about you
Startin' to shine right through when I think about you
It's a brand new day when I think about you
And my heart's renewed when I think about youAnd all my fears are gone when I think about you
Gone Away when I think about you
When my day looks cloudy when I think about you
It's gonna be okay when I think about youYeah, ohh, when I think about you
When I think about you
Lord, how you gave me love when I think about you
And I gave you nothing when I think about youHow you woke me up, hey, when I think about you
And started me on my way when I think about you
See you did not have to do it when I think about you
But you did it any old way when I think about youAny old, any old, any old way when I think about you
Yes you did, yes you did, when I think about you
Yes you did, yes you did when I think about you
Yes you did, when I think about youHey, hey, hey, hey, when I think about you
Hey, hey, hey, hey, when I think about you
Hey, hey, hey, hey, when I think about you
Hey, hey, hey, whooOh yes, when I think about you
When I think about you
When I think about you
When I think about you
