

The One That Got Away

Hyland

You think you're so clever dear
You got me all figured out
and tell me all the things that I wanna hear
and how you swear there's no body else

You think I'm so taken out
and swept right off my feet
I don't think we'll make it out
Cause you'll be the death of me

Hey girl you think you're so clever
but your making mistakes
We should be together (We should be together)
But I'm playing it safe
Oh no you think you're so clever
but your making mistakes we should be together
but I'll be, I'll be the one that got away

I think you're so insincere
Your words are lost on me
I tell you all the things you otta hear
Your world, its make believe

You think I'm so taken out
and swept right off my feet
I don't think we'll make it out
Cause you'll be the death of me

Hey girl you think you're so clever
but your making mistakes
We should be together (We should be together)
But I'm playing it safe
Oh no you think you're so clever
but your making mistakes we should be together
but I'll be the one

You'll never soon forget
the one inside your head
and now you can't pretend
I'm your one and only friend

Your one highest regret
The one, I could have been the one.

Hey girl you think you're so clever
but your making mistakes
We should be together (We should be together)
But I'm playing it safe

Hey girl you think you're so clever
but your making mistakes
We should be together
But I'm playing it safe
Oh no you should have known better
but your caught in a game
We could be forever
But I'll be, I'll be the one that got away
