Water

Pentatonix

It's ten past two, still up thinking of you
If I showed you all I really want to
Would you stay, then push me away
I just can't return anymoreTimid heart, hide my scars
Make me strongerI can't take this any longer
I need, I need you like water
It's on the tip of my tongue
I'm not asking for much
Just your love and not another
'Cause your embrace keeps me warmer
Could I tell you this time
How I wish you were mineMy voice cracks, I wait for it to pass
Heart beats fast and words I can't take back
And so I pray I don't drive you away
'Cause I'm scared of what I have to tell youTimid heart, hide my scars
Make me strongerI can't take this any longer
I need, I need you like water
It's on the tip of my tongue
I'm not asking for much
Just your love and not another
'Cause your embrace keeps me warmer
Could I tell you this time
How I wish you were mineI'll take you higher, take you high
I can make you come alive
Open your eyes, change your mind
I'll take you higher, take you highI can't take this any longer
I need, I need you like water
It's on the tip of my tongue
I'm not asking for much
Just your love and not another
'Cause your embrace keeps me warmer
Could I tell you this time
How I wish you were mine
How I wish you were mine
How I wish you were mine
