I can't

Cristio

First thing's first
Baby, I apologize for all of the lies
That I?ve told you up to now
I promise I?ll
Change my ways if you stay
In my heart, in my mind, in my world
'Cause you?re the only girl for me
So if you?re thinkin' 'bout walkin' out
Let?s talk it out and work it out, now
No sense in tearing down
This love we feel
'Cause it?s oh, so real
And I can?t see you being here
With no one else but me
Baby, I can?t even stand
Thinkin' 'bout you touchin' another man
And I can?t see you being here
With no one else but me
Baby, I can?t even stand
Thinkin' 'bout you touchin' another man
What must I do for you
To show you that I mean, what I say
Lord, I pray we can stay together
But it don?t matter
If you stay or if you leave
'Cause in my heart you will always be
See you?re the only girl for me

Even in high school, you were so cool
What a pleasure just to know you girl
There?s nothin' in the world, I won?t do for you
'Cause I can?t see you being here
With no one else but me
Baby, I can?t even stand
Thinkin' 'bout you touchin' another man
And I can?t see you being here
With no one else but me
Baby, I can?t even stand
Thinkin' 'bout you touchin' another man

See I, don?t wanna lose this love we have
Oh no, oh no
See I, don?t wanna say bye-bye
'Cause it?s hard enough to find love at all
I?m willing to fight for you
There?s nothing
I won?t do to make you stay
And I can?t see you being here
With no one else but me
Baby, I can?t even stand
Thinkin' 'bout you touchin' another man
And I can?t see you being here
With no one else but me
Baby, I can?t even stand
Thinkin' 'bout you touchin' another man
And I can?t see you being here
With no one else but me
