

Blah Blah Blah

Longpigs

Say 'are you on'
if it makes you feel better
you're cut off at the wrists
to explain your achingthis headaltic water
she sounds the bell
if the stars didnt impress her
give up the sell
you, youve been waiting for
a new sensation to come
youve been waitingsay what she
put on your face
its your one for parties
i never imagined
you would wear it for partiesits been overdone
you talk in soddy
youve got a problem with this then
sweet sacking a cossy
cos ive been waiting for a new sensation to come
i can wait this to kick in
say what she does saycomplication
shut off from it all
youhedaltic water
she sounds the bell
if the stars dont impress her
give her the sell
yeahsay what she does say
say nothing complicated
shut off from it all
shut off you
say nothing complicated
shut off from it all
