

# Mostly Memories

## Less Than Jake

I can't seem to recognize  
Either side of this modern version or fading person I was  
I tried to memorize dates and times of  
Old accidents and the failed attempts  
Now I'm, I'm still afraid of those mistakes I've madeI'm mostly memories, most missed opportunities  
Mostly minor tragedies, I'm mostly you and me  
Mostly memories, most missed opportunities  
Mostly abnormalities, I'm mostly you and me, you and meI can't seem to recognize, either side of my  
conversations  
Or contemplations I've done  
I've tried to memorize the truth and lies  
Of the facts and fictions and the half truth admissions I've done  
I'm still afraid of those mistakes I've madeI'm mostly memories, mostly missed opportunities  
Mostly minor tragedies, I'm mostly you and me  
Mostly memories, most missed opportunities  
Mostly abnormalities, I'm mostly you and me, you and meOut of luck and had enough  
Out of trust and out of touch  
Out of time, I'm hanging upI'm mostly memories, mostly missed opportunities  
Mostly minor tragedies, I'm mostly you and me  
Mostly memories, most missed opportunities  
Mostly abnormalities, I'm mostly you and meI'm mostly memories, mostly missed opportunities  
Mostly abnormalities, I'm mostly you and me  
Mostly memories, most missed opportunities  
Mostly minor tragedies, I'm mostly you and me and you and meI'm mostly memories
