

World's Gone Crazy

Mary J. Blige

[Mary J. Blige]

Everybody's talking about how everything is falling apart

Let them worry

I'm just waiting, waiting for the party to start

Come along with me,

We can grab the keys

Be what used to be

And the perfume roll

Leave it all behind

See what we can find

Let's goWorld's gone crazy

I think there's

I think there's

I think there's only one thing to do

Gone crazy

I think that

I think that

I think that we should go crazy too

Crazy

We should go crazy too

We should go

We should go

We should go

That was so crazy

That was so crazy

How about we change a few?Everybody's talking about how everything is coming undone

Think that means it's time,

It's time for fun

And time for having some fun

Put your troubles down

Let some pressure out

You can scream and shout, if you wanna

'cause we going wild

Doing it in style

What else can we doWorld's gone crazy

I think there's

I think there's

I think there's only one thing to do

Gone crazy

I think that
I think that
I think that we should go crazy too
Crazy
We should go crazy too
We should go
We should go
We should go
That was so crazy
That was so crazy
How about we change a few? Maybe it's all falling, falling apart
Maybe we just need a party to start
God we can do this
So let's do it
Let the music take us over World's gone crazy
World's gone crazy
World's gone crazy
Let's get crazy That was so crazy
That was so crazy
How about we change a few?
