The Sinner

Fireball Ministry

Forgone
Conclusion
Wiping up the bitter end of emptiness
Sold out
Delusion
Past the time draining my headAnd I've learned it
And I believed it
All of the things
Wasted in line
Never againAnd I've called on the father
Spread disease among men
And I cast out the sinner
Stranger till the endAfter
Forgiveness
Mastermind of all that's insane
Broken
Solution
Tried so hard to cope with the painAnd I've learned it
And I believed it
All of the things
Wasted in line
Never againAnd I've called on the father
Spread disease among men
And I cast out the sinner
Savior till the end
