

Trailer Full of Tragedies

Dogwood

The apartment is empty, the pictures have left their marks on the wall
Nothing has ever taken so long
Moving away, a new horizon to look at each day
And I'll try not to hold on You practice your packing, the trailer is crammed with memories, dear
Only the highway bears your pain
Count your blessings, let the future now outweigh the past
And why would you look back? Live life perfect, I admire the strength that you both have
I pray for you
Timing, everything, all that you have, everyone loves you
And we too Memories trail behind, start out new
And find the people who waited for you Timing, everything, all that you have, everyone loves you
And we too
Live life perfect I admire the strength that you both have
I pray for you Trailers full of victories and tragedies
New memories Live life perfect I admire the strength that you both have
I pray for you
Timing, everything all that you have, everyone loves you
And we too and we too and we too
