

Sinema

Heideroosjes

Pride, Porn 'n Prejudice
Come on folks the show begins
A movie full of whores 'n pimps
Turn out the lights 'n start the reel
Check out who's the imbecile
Come on folks just come right in
To the weirdest place you've ever been
Get your tickets at the door
You've never seen such filth before
Welcome!
Welcome to the SINema
Welcome! Hey you kids, just dig around
Show the host what you just found
Don't you fear, just bring it in
There's room enough in the house of sin
I don't like the movie in this SINema
I don't like the movie
I don't like the movie
I don't like the movie in this SINema
Where's Stallone or Spiderman
I didn't see this scene in Cannes
Where is Chan or Superman
Save us all... Welcome, welcome to the SINema
Sit back, relax, enjoy the show!
Welcome!
