Be Easy

Massari

Be easy

Be easy hommie let's pop a bottle

This is for the fellas in the spot that wanna rock with me

Tonight I wanna find me a model

We all came here and do what we doI know you ain't tryin to get caught up

You don't got a problem chillin in the spot with me

And we just wanna have a good time

VIP is about to get hotter[Chorus x2]

Leave all them troubles hommie and lets pop the bottle

Come on now mommi we sippin Dom Perignon

Know that your feelin it when you jump up and holla

Shakin' it shakin' it take it high bring it lowIf you wanna love somebody

You need to get up out your seat

If you wanna be ma shawty

Then come and give your love to meIf you wanna love somebody

You need to get up out your seat

If you wanna be ma shawty

Then you gotta come and give your love to meBe easy hommie lets let the game roll

When it comes to singin' ain't nobody that can drop like me

The ladies wanna get with me coz they know

They aint never seen a player move how I moveAnd when they get with me they wanna stay close

Everything is payed for when you makin' dough like me

Now everybody throw ur hands out

Shorty be shakin' it like she got some for me.[Chorus x2]

Leave all them troubles hommie and lets pop the bottle

Come on now mommi we sippin Dom Perignon

Know that your feelin it when you jump up and holla

Shakin' it shakin' it take it high bring it lowIf you wanna love somebody

You need to get up out your seat

If you wanna be ma shawty

Then come and give your love to meIf you wanna love somebody

You need to get up out your seat

If you wanna be ma shawty

Then you gotta come and give your love to me[Rap x2]
