Bad Religion

Bruno Major

Taxi driver
Be my shrink for the hour
You keep the meter running
It's rush hour
So take the streets if you wanna
Just outrun the demons, could you?
You said allahu Akbar, I told him don't curse me
Boy you need a prayer, I guess it couldn't hurt me

If it brings me to my knees
It's a bad religion

This unrequited love
To me it's nothing but
A one-man cult
Like cyanide in my Styrofoam cup
I could never make her love me
Never make her love me
Love me
Love me

Taxi driver
I swear I've got three lives
Balanced on my head like steak knives
I can't tell you the truth about my disguise
I can't trust no one
You said allahu Akbar, I told him don't curse me
Cause boy you need a prayer, I guess it couldn't hurt me
If it brings me to my knees
It's a bad religion

This unrequited love
To me it's nothing but
A one-man cult
Like cyanide in my Styrofoam cup
I could never make her love me
Never make her love me

Love

Only bad religion

When you love someone
Who doesn't love you

Only Bad religion

You make me feel
The way I do
