You Made Me That Way

Andy Griggs

If I seem like a little too much to handle
If I laugh like an angel on Judgment Day
If I burn like the sparks from a Roman candle
Oh baby, you made me that wayIf my heart starts to pound like a base drum drummin'
Like the beat when an old Sun record plays
And if I turn my back when the train is comin'
Oh baby, you made me that wayI used to play it safe
Never thinkin' what I might miss
Who knew there'd come a day
I would come alive like this
With just one kissIf I choose the edge over the middle
If I moan at the sound of a certain name
And if I lean just this side of illegal, ya
Oh baby, you made me that wayWell I used to play it safe
Never thinkin' what I might miss
Who knew there'd come a day
I would come alive like this
With just one kissIf I seem like a little too much to handle
If I laugh like an angel on Judgment Day
And if I burn like the sparks from a Roman candle
Oh baby, you made me that way
Well, I'm proud to say
Oh baby you made me that way
Uh
