Savin' It Up for Saturday Night

Lantana

Puttin' our pennies in a mason jar
Working over time wont get you far, nowadays
It all adds up when the week is through
There's enough money for me and you to get awaySavin' it up for Saturday Night
From sundown to the mornin' light
Gonna find us a hardwood floor
And dance like we never danced before
Hang loose and hold on tight
Cant stop till we get it right
Savin' it up
For Saturday nightMonday morning it's the same ole grind
passin' in the hallway kissing goodbbye
I gotta run
Theres never much time for the two of us
So we gotta do a little catchin' up when the weekend comesSavin' it up for Saturday Night
From sundown to the mornin' light
Gonna find us a hardwood floor
And dance like we never danced before
Hang loose and hold on tight
Cant stop till we get it right
Savin' it up
For Saturday night
